

## ASCO Engineering Ltd

### HEALTH & SAFETY POLICY STATEMENT

It is the policy and aim of Asco Engineering Ltd (hereafter referred to as "The Company" or ASCO ) to provide and maintain as far as reasonably practicable, a place of work that is a safe working environment, without risk to company employees/agents and others working on or visiting our place of work.

The company will adopt a general Health & Safety policy and where necessary this is complimented by specific documents relevant to the work being undertaken by the company and its employees/agents.

The management of ASCO are committed to: -

- Providing and maintaining a safe and healthy working environment.
- Establishing and maintaining high standards of Health & Safety at work and comply with all relevant statutory regulations as far as reasonably practicable so as to prevent or minimise the risk of injury or ill health to employees, contractors or visitors.
- Ensure that adequate and appropriate resources are provided for the implementation of this policy.
- Ensure that employees receive adequate supervision and appropriate training to demonstrate competency in the duties they perform.
- Providing all necessary safety devices and protective equipment to allow employees to perform their work tasks safely and efficiently.
- Ensuring that at all times Safe Systems of Work are adopted.
- Maintaining suitable consultation, communication and involvement of all employees who will demonstrate their personal and visible commitment to this policy.

Employees must be aware that they have a legal duty under Section 7 of the Health and Safety at Work Act 1974 to work safely to prevent occupational injury and illness both individually and collectively and is a condition of employment.
